

2017 Custom Training Options

Onsite at your company, or at OLI

Choose one of our classes

Electrolyte Modeling Basics	2 days
Intermediate Electrolyte Modeling	2 days
Chemistry in Brine Production	2-4 days
Custom Syllabus	1-4 days
MSE Regression	3 days

Clients determine how many days to allow for a class. Shorter classes are lecture-oriented with some workshop material, while longer classes allow more time for working problems and applying concepts.

LOCATION OF CLASS	All amounts are USD			
	1 day	2 days	3 days	4 days
North America	\$4,900	\$8,800	\$11,500	\$14,200
International I <i>Eight hours or less travel from NJ USA</i>	\$8,600	\$10,800	\$14,500	\$17,100
International II <i>More than eight hours travel from NJ USA</i>	\$10,500	\$14,300	\$16,800	\$19,500
At OLI Office <i>Cedar Knolls, NJ USA</i>	\$2,800	\$5,400	\$8,200	\$10,000

Notes:

1. Course may be given for up to 20 students, although 15 students or less is optimal
2. Preparation time for custom training may be needed and is billed at \$275 USD / hour
3. Electronic copies of manuals are sent and may be printed onsite for class
4. Price discounts apply when AQSim can arrange back-to-back trainings that are geographically close
5. Training facilities should include at least 1 computer for 2 people; 1 computer per person is preferred
6. Temporary copies of the software will be made available to all participants
7. Software should be installed on client PCs prior to the start of the training
8. Training software will remain active for 30 days following the training
9. An invoice for the class will be sent once the class is finalized; invoice terms are Net 30
10. AQSim is not responsible for local country taxes or for client bank fees

Custom web training

AQSim recommends custom training segments in 2-hour or 3-hour segments. A minimum of 6 hours is recommended for any training. Topics may include:

- Electrolyte Modeling Basics
- Chemistry in Brine Production
- Autoclave Modeling
- Chemistry in Refining Overheads
- Flowsheet Simulation Applications

WEB TRAINING SESSIONS	LENGTH	Amount, USD	DETAILS
Minimum recommended	6 hours	\$1,800	two, 3-hour sessions or three, 2-hour sessions
Includes follow-up session	8 hours	\$2,400	Add a two hour Q/A follow-up
Additional hours	per hour	\$300	Add additional hours for more topics
Preparation time	per hour	\$275	AQSim may need preparation time for your application

Notes:

1. Course may be given for up to 20 web seats from multiple locations
2. Preparation time for custom training may be needed and is billed at \$275 USD / hour
3. Electronic copies of manuals are sent and may be printed for class
4. Training facilities should include at least 1 computer for 2 people; 1 computer per person is preferred
5. Temporary copies of the software will be made available to all participants
6. Software should be installed on client PCs prior to the start of the training
7. Training software will remain active for 30 days following the training
8. AQSim provides web services via Webex
9. Clients may test the web service in a test meeting prior to the training
10. Company's web meeting service may be substituted instead
11. AQSim recommends headsets on individual PCs for maximum
12. An invoice for the class will be sent once the class is finalized; invoice terms are Net 30
13. AQSim is not responsible for local country taxes or for client bank fees
